DANDY DANNO & DIVA G

**CIRCUS LOL** (Lot of Laughs) is a beautiful potpourri made of colours and shapes in which dreams condense.

Making laugh is an art, perhaps the most difficult, to pay attention to our modesty that wakes up before the emotions, **CIRCUS LOL** is not just dreamlike, it tastes about the world, a world seen as a journey, a discovery.

It's the best of their **circus experiences** and not only. It tastes about the "other" world that merges and merges between parents and children, who are equally involved as improvised actors and comedians. It tastes of circus world, made of marvellous non-sense and sketches, all in the end overcoming every mental barrier, the audience will be conquered and engaged in a merry-go-round of colours and magic. The audience takes a new path towards the purity of laughter, that convulsive laugh, wet with tears, to be clear!

A path that does not end with the end of the show, because **CIRCUS LOL** is rarely forgotten. **Dandy Danno & Diva G** pursue the road that leads them to practice the art of laughter, the authentic one that is born spontaneously, linked to the age of childhood, to the **lightheartedness**.

It is the right path to the most authentic part of the self, that emotional intelligence that only children can teach us to keep intact. **CIRCUS LOL** is the best of the best of **DANDY DANNO & DIVA G** who were considered in 2015 two of the hundred funniest comedians in the world. When we witness **CIRCUS LOL** the time does not seem to flow, 60 minutes of laughter and magic, of contact between the clowns, which reveals to the world the purity of gestures and the public who hardly assisted passively.
